ORGANIC PRODUCT BRANDING FOR VUZHAVU

Project overview

Brand: Vuzhavu Fertilizer Products
Category: Packaging Design / Product Branding
Project Type: Commercial Packaging Concept
Tools Used: Adobe Illustrator, Photoshop, Canva
Timeline: 15 Days

LOGO DESIGN

The logo represents soil protection through the hand in a soil inspired tone,
neem leaves as the key fertilizer ingredient,
and the growing plant symbolizing
healthy crop growth and sustainable agriculture.

Packet Design

Herbal Oil Packaging Design
Designed a premium packaging series for a herbal wellness brand (Fertilizers) featuring Neem Oil, Neekar Bio Oil, and Karanja Oil in multiple packaging sizes (100ml, 200ml, 500ml, and 1000ml).

Design Highlights:

- Product packaging design for 3 oil variants.
- Multi-size bottle label adaptation.
- Consistent brand identity across the product range.
- Premium herbal product visual styling.
- Print-ready packaging mockup presentation.
- Typography and label hierarchy for better readability.

Product Packaging Design

Designed packaging for Neem Cake Powder, Karanja Cake Powder, Castor Cake Powder, Mahua Cake Powder, Groundnut Cake Powder, and Panchakavya Cake Powder with a cohesive brand identity. Used ingredient-inspired colour palettes and natural visual elements to create authentic, market-ready agricultural packaging.

Product Detail Sheet Design

Created structured product information sheets for the same product range, presenting usage instructions, benefits, composition, and specifications in a clean, professional, and easy-to-read format while maintaining brand consistency.

LOGO DESIGNS FOR SOFTWARE APPLICATIONS

Designed a custom logo for a college project website,
focusing on creating a visually impactful identity that aligns with the project's concept,
purpose, and target audience.

Designed a logo for a Student Attendance System website, creating a clean and functional visual identity that reflects organization, technology, and academic efficiency through thoughtful typography, iconography, and modern design principles.
